Letter No. 1379 Dy 16-4-27 from the D.C. Hassan forwards copy of letter Dy 6-4-27 from the Prest Hassan Dt Bd request that the Amildars may be asked to return to him all the records connected with Drinking Water wells works for execution & states that as under G.O. Dy 12-11-26, well works have to be executed by Village Panchayats & that it is not desirable to entrust the works to the Dt Board as the Panchayets have to finance them & there will be dual control also.

Subd for orders. The President seems to be acting under the Dewan's orders & (wants perhaps) the papers relating to well works already sanctioned by the Dt B d.

VC 24-26-1

ind RK 19/4

Sir,

I have the honour to forward herewith for favour of orders of Government a copy of Demi Official letter No. 170-26 dated 6th April 1927, from the President of the Hassan District Board requesting me to instruct the Amildars of Taluks to return to him all the records pertaining to the Drinking Water Well works for execution.

Flag P

Under G. O. No. L. 3024-31/L.B.26-26-83 dated 12th November 1926 the well works were transferred to the Village Panchayets concerned for execution. I request to be kindly informed whethere the President's request may be complied with.

It may be mentioned in this connection that it does not appear to be desirable to entrust the execution of Drinking Water well works to the District Board, if the works have to be financed by the Village Panchayets, as it would involve dual control by the Revenue Department and the District Board which may not be very desriable for quick despatch of work.

I have the honour to be,
Sir,
Your most obedient servant,
G. Krishna Rao
for Deputy Commissioner, absent from
Hassan District. head Quarters

Subd for orders with reference. The President perhaps wants the papers relating to well works already sanctioned for being ~~under~~ pvg the Dt Board.

ing

Draft.

D/ 2-6-27

To

The Deputy Commissioners of Districts.

Sir,

I am directed to state that certain District Boards have applied for instructions as to the Agency for completing Drinking Water Well Works which had been begun previously out of the Drinking Water Wells Fund and were still incomplete when the new District Boards came into existence. In this connection I am to invite attention to P G.O.No.L.3024-31/L.B.26-26-83 dated 12th November 1926 issuing instructions in regard to the provision of facilities for drinking water in villages in future and to letter Q No. L.7314-21/L.B. 170-26-6 dated 9th April 1927 stating that the District Boards are competent to contribute towards wells constructed by a single Village Panchayet for its own use. While under the above orders, well works for particular villages would hereafter be ordinarily taken up by the respective Panchayets, utilising also contributions, if any, granted by District Boards, there is at the same time no objection to the District Boards themselves undertaking such well works in particular cases and handing over the wells to the Village Panchayets. In regard particularly to the incomplete works that the Boards had on hand on 1st February 1927 there is no doubt that it would be more convenient for the Boards themselves to complete the works out
